Invitations to apply have been sent to existing UA mobile units as well as NAU, ASU mobile units to share RFP with them. Participants who have additional information on other mobile units that would be interested in applying should submit their contact information to AHEC office. The intent of the RFP is also to create an interprofessional educational opportunity for health professions students with mobile units that provide COVID-19 vaccinations in hard to reach populations in rural and urban underserved areas.

Interprofessional RHPP Conference will be held virtually April 9-10, 2021. Many great speakers including Dr. Ron Weinstein. Traditional AHEC and COVID Scholar Groups will present their capstone projects. | Leila Barraza                                   |
Met individually with five regional center directors and provided notification of change to RFP process for Centers. State of Arizona procurement policies require that any contracts above $100k require a competitive process. This will occur on a rotating basis with two centers impacted per year. This will incorporate both HRSA and State guidelines regarding required characteristics of centers (e.g., 501C3 independent of UA; serving a rural or underserved community, etc.) Once the RFP process begins the AHEC Program Office is unable to comment; therefore, advance notice has been provided to all.

Link to the last RFP (from 2019) and the State Procurement Guidelines are available on the AzAHEC Home Page at https://azahec.uahs.arizona.edu/ under the “Spotlight” section.

Gail Emrick read a prepared statement regarding the Regional Center RFP requirements. Each center (NAHEC excluded due to absence) was provided an opportunity to discuss their concerns. Open discussion ensued.

Celeste Kanzig with the UA Procurement and Contracting Services explained anytime the university is paying out funding over $100k, an RFP is required. All funding, regardless of source coming into UA, is subject to procurement rules.

The quarterly financial report is organized into seven columns (from left to right):
- Column 1: Line item titles/names.
- Column 2: Prior year (FY 2020) actuals.
- Column 3: Current year (FY 2021) budget.
- Column 4: Current year (FY 2021) actuals YTD – Federal funding.
- Column 5: Current year (FY 2021) actuals YTD – State funding.
- Column 6: Current year (FY 2021) actuals YTD – Total (Federal and State funding combined).
- Column 7: Comparison of current year Total Budget figures and Total Actual figures.

Federal AHEC grant funding is disbursed on a reimbursement basis. The Sponsored Projects and Contracting Services office at UArizona monitors the expenses in the designated Model AHEC account in the University's financial system, draws funds for unreimbursed expenses, receives the funds from the federal government, and applies them to the Model AHEC account. This process typically takes place 2-3 times per month.

The Arizona State Lottery distributes AHEC funds to ABOR. ABOR then disburses lottery funding to UArizona for deposit in the specific state AHEC account in the University’s financial system. Lottery funds are received by UArizona throughout each fiscal year or in a single payment at the end of the fiscal year, depending on the year.

Program Administration consists of the personnel costs of the AzAHEC program office and federal AHEC grant indirect costs charged at 8% of modified total direct costs. Program Operations includes the non-personnel operating costs of the AzAHEC program office.

Regional Center subcontract expenses are shown as actual amounts paid during the fiscal year, regardless of subcontract award year. The AHEC fiscal year runs from July 1 – June 30 while the AHEC regional Center subcontract year runs from September 1 – August 31. Each AHEC fiscal year includes the last two months of the prior year regional Center subcontracts (July 1 – August 31) and the first ten months of the current regional Center subcontracts (September 1 – June 30).

Total Revenue YTD is $5.96 million consisting of $815k in federal AHEC grant funding and $5.14 million of state lottery funding.

Total Expenses YTD are $6.44 million consisting of $945K in Program Administration, $12K in Program Operations, $3.11 million in Regional Center Subcontract payments, $1.5 million in other Center-based projects and services provided on behalf of Centers, and $845K in Program Initiatives.
